## OptiLube™ sachets of lubricant

### For use with supraglottic airways, endotracheal tubes and naso/oropharyngeal airways

To complement our wide range of airway devices, we are delighted to announce the addition of sachets of lubricant to our product portfolio as a service to our customers.

OptiLube™ sachets of lubricant contain 5g of water soluble lubricating jelly for use in the preparation of airway devices such as supraglottic airways, endotracheal tubes and naso/oropharyngeal airways. It can also be used to prime the gastric channel of second generation airway devices such as the i-gel® or lubricate suction and orogastric tubes.

OptiLube sachets are harmless to human tissue and will not injure rubber, metal appliances, instruments and natural or synthetic textiles.
